

Scope	Award Type & Value	Tamariki / Hineriki	Education Grants	Tertiary Scholarships Under Graduate Level	Postgraduate Scholarships Post Graduate Level	Supreme Scholarship Post Graduate Level	
<p>Education has many benefits, but one of its main aims is to prepare our children and young people to become employable adults with skills that will benefit them and society.</p> <p>As kaitiaki of our assets, to develop new ways of living sustainable lives within the planet's resources, we need a workforce that can think creatively about scientific and technological issues. As such our education framework now has a preferential weighting towards key specific subjects to ensure our members are equipped with the necessary skills for the economy of the future.</p> <p>You will note the preference placed upon S.T.E.M. (Science, Technology, Engineering and Math) subjects and Business Management related subjects as these are at the forefront of the future required skills and knowledge.</p> <p>The aim of this global approach is to raise the level of general education and training of all members (not just a tertiary focus) that will provide a path to increase employment opportunities, whilst also focusing on the jobs of the future brought about by technological and other changes.</p> <p>The Scholarships and Grants will be highly contested and the awarding of these is at the discretion of the NRAIT Board.</p>	<p>Primary and Secondary Study Assist Grants</p> <p><i>Third party provider of study assist programmes</i></p>	<p>Education Grants</p> <p><i>Certificates, Diplomas, Bachelor's Degree, Trades Training, Te Reo, Adult Education</i></p>	<p>Tertiary Scholarships Under Graduate Level</p> <p><i>Certificates, Diplomas, Bachelor's Degree</i></p>	<p>Postgraduate Scholarships Post Graduate Level</p> <p><i>Honours, Masters, Postgraduate Certificates or Diplomas, Graduate Certificates or Diplomas, PhD</i></p>	<p>Supreme Scholarship Post Graduate Level</p> <p><i>Honours, Masters, Postgraduate Certificates or Diplomas, Graduate Certificates or Diplomas, PhD</i></p>		
	<p>Numeracy and literacy focus</p> <p>Up to \$300 per annum</p>	<p>The grant is valued at \$1,000 for applicants studying full time for a full year, and up to \$500 for applicants studying part time or short courses.</p>	<p>Preference towards S.T.E.M. and Business related studies - other fields considered</p> <p>6 x \$2,000 p.a.</p>	<p>Preference towards S.T.E.M. and Business related studies - other fields considered</p> <p>2 x \$5,000 p.a.</p>	<p>Preference towards S.T.E.M. and Business related studies - other fields considered</p> <p>1 x \$8,000 p.a.</p>
